### ANALYSIS OF A CRITICAL INCIDENT

**Due: End of Second Week**

The purpose of this assignment is to select one critical incident that happened during the day. Describe the situation (date, location, class period) outline the activities for the whole class period, describe the incident and describe what the teacher did, how the individual and class responded, and give your analysis of the situation. The analysis should include why it happened, what action was taken and your reflection on the incident (could it have been prevented, other ways of dealing with the situation, how you would have dealt with the situation etc.)
