

INTERVIEW WITH SCHOOL PERSONNEL

Due: End of First Week

Purpose: This assignment is designed to help you develop an understanding of how the physical education program relates to the total school program. Notice that the interviews are different for your elementary and secondary assignments.

Elementary Rotation: Interview two classroom teachers. Some suggested questions to ask are:
Is there cooperative planning between classroom teachers and the physical education teacher in order to integrate learning between physical education and the classroom? How is the requirement for 135 hours of physical activity per week met? Is the classroom teacher responsible for any part of planning and implementing these activities?

Secondary Rotation: Interview the principal/vice principal. Some suggested questions to ask are:
Describe your ideal physical education program? How should students in physical education be graded?
